Dear NOC Partners,

As you are familiar, the initial ticket order for the 2008 Beijing Olympic Games is due on March 1, 2007. In December of 2006, we had sent you an email and NOC order form (see attachment) but have had very few responses to it.

Therefore, during the week of February 19<sup>th</sup> Allan Koyanagi (Cartan Tours ticket project manager who was the ticket manager for the 1999 Pan American Games in Winnipeg) or a member from our office will be contacting each of you to discuss your NOC and/or national federation ticket needs.

We fully respect if your NOC and/or national federations do not want to order any tickets at this time. However, our experience with Olympic organizing committees has been its best to submit ticket needs as early as possible to ensure getting desired allocations.

For your information, we have been working with Cartan Tours and its sub-agents (i.e. the travel agencies you recommended or endorsed) to put together a speculative ticket order to meet your country's VIPs, general public and corporate sponsor needs.

As always, if you we can be of any further assistance don't hesitate to contact either us at 1-719 963-3699 (Greg Harney) or 1-719-330-2268 (Francisco Campo). You can always contact us via our executive assistant, Julija Naskova, at 1.310.546.9676, ext. 126 or at [gsp@cartan.com](mailto:gsp@cartan.com).

Sincerely,

Greg Harney
